“COCO” is a breeder’s dream come true – in every sense of that statement. She was an incredible show dog right from the start drawing crowds and fans wherever we showed. Fabulous in the Field – again expressing that incredible drive any competitor of any venue hopes to achieve – COCO excelled in any venue we ventured into. COCO is affectionate, devoted but still independent and confident enough to work for others.

COCO only produce one litter with Travis in October 2008. They are beautiful puppies with wonderful temperaments – Elliot has gone on to outstanding achievements very early on in North America and Australia...Logan is making his mark in South America.
