Cassis arrived from Straightaway Kennels in California, we are very excited to have her with us. She is an angel and a spitfire all wrapped in one. She loves to meet new people, explore new things and play with all the other Shorthairs at Hunterspride. She is extremely affectionate, bright, intense; a keen hunter and student. Cassis wants to be a part of anything that is going on. We are looking forward to having fun at shows and field tests with Cassis this year.
